

Letter of Reference

Referee: Marco Zuccarini

Applicant : José Escandell

I know Pepe from 2013 since he was a student of mine for some lessons in Italy.

He is a very fine musician and a sensitive conductor, with a good attitude to build up a deep musical relation with the orchestra, a good knowledge of the repertoire, a clean and transparent technique easy to follow and in meantime expressive , always related with the music.

In my opinion he has all the qualities required to develop a career as a conductor, he deserves to have all the possibilities to show his musical qualities and attitudes.

With my best regards
